Call for Papers
Responses to Capitalist Crisis: Neoliberalism and Beyond
The Sixth Forum of the World Association for Political Economy
May 27-29, 2011, at University of Massachusetts, Amherst, MA, USA

Marxian economists from all over the world are welcome to attend the forum, whether or not they will present a paper. The WAPE Forums aim to encourage cooperation among Marxian economists and to enlarge and strengthen the influence of Marxian economics in the world.

The World Association for Political Economy (WAPE), registered in Hong Kong, China, is an international academic organization founded in 2006. Its mission is to utilize modern Marxian economics to analyze and study the world economy, reveal its laws of development, and offer policies to promote economic and social progress on the national and global levels.

The World Review of Political Economy (WRPE) is a new peer-reviewed quarterly journal of Marxian political economy sponsored by WAPE and published by Pluto Press. Full information at www.wrpe.org

Proposals for individual papers and complete sessions at the Sixth Forum are welcome. Languages of the Forum are Chinese and English. Deadline: January 15, 2011. Contact: Professor Allen Ding, wape2006@gmail.com
